Do you have any suggestions of how these sessions can be improved?

- No, it is totally packed full of knowledge. We have more understanding the way the teachers teach.
- I think the current system is fantastic
- Some of the activities must be in the groups. Groups of 2-3 children can help parents to get ideas, how they interact with each other and how much they do differently.
- Maybe I would like to see more activities as a group and how they are learning together.
- Had a great time. My child showing me around was great to see how much he understood. All the displays helped me too.
- No it's good.

Do you have any other comments regarding our Learning Together Sessions?

- We want that we come to know the children's learning level. How he/she behave in class or their study level.
- They are a brilliant opportunity to see my child in her school environment and to have a quick chat with staff. The school is a fantastic facility!
- Very good effort to involve parents in classroom learning.
- Good to see the child more disciplined and independent in school. Got the chance to observe the way they doing in classes with their teachers and friends.
- My husband and I are really happy that we have been part of Learning Together Sessions and we found it very useful and got a better understanding of what our child is learning. We really appreciate your time and hard work.
- I really like this.
- It's great. We would like to attend more. Thank you.
- You are doing very well.
